

# *A Celebration of Life*

## **Diane Schmolka, Officiant Non- Religious**

Sponsored by The Humanist Association of Canada

Personal Celebrations signify special moments in our lives, to be remembered. They are a time for connecting with ourselves at deep, personal levels. Ceremonies are a joining of our roots, symbolizing our own history.

I am experienced in performing any of the following services:

- Child Dedication
- Baby Namings

- Marriages
- Same and Opposite Sex
- Renewal of Vows

- Memorial Services
- Funerals
- Pet Memorials

I would be pleased to guide you in creating a special ceremony marking a rite of passage in your life or that of a loved one. Let me assist you in making your ceremony meaningful and memorable.

I understand just what is required to make a ceremony truly meaningful and memorable be it a happy occasion or marking the death of a loved one.

A warm and caring person, I am trained and experienced in providing services as an officiant and I am licensed to perform marriages in Ontario

I know what is required in planning and presiding at personal events.
